- -Subs may not pre-bowl at any time
- -Subs do not pay any bowling fees.
- -Subs do not share in any prize funds.
- Pre-Bowling - can be scheduled with Strikers based on availability, so you must arrange a time with them before attempting to pre-bowl. Once you complete your score sheet, make sure your first and last name, your team number, and the date you are pre-bowling for are noted. Strikers will keep one copy and you will receive a copy.
Pre-bowled games do not qualify for individual league awards.
- Absent Bowler - An absent bowler with no pre-bowl scores or no sub will be assigned a score of their average minus 10 pins for each of the three games.
- Bowling unopposed - If we have an odd number of teams, there will be one team bowling unopposed each week. Your team must bowl within 30 pins of your team average per game to win points for that game.
- Resolution of issues - Any issues, or rules disputes not mentioned in this document will be resolved by a decision of the club leader, and that decision is final.
$\rightarrow$ If you will not be bowling, it is your responsibility to make alternate arrangements by either pre-bowling, finding a sub, or using your average less 10 pins. As a courtesy, always let your teammates know if you will not be bowling. Do not call the league officers and ask them to locate a sub for you.
